No.11-2/2011-Admn.II

Dated...15th March, 2012

Subject : Smoking spitting in the BSNL premises

Time and again, instructions have been issued against smoking and spitting in the buildings but despite that it has been observed that the staff members smoke and spit in the premises of BSNL Buildings in the north and south sides of life lobby/in the stairs and throw burning bidi/cigarette butts in the dustbins creating fire hazard and also resulting in the spreading of smoke in the building through AC Ducts. Spitting of paan also spoils the look of the premises and also creates a bad impression on the outsiders

2. All the staff members of BSNL are hereby once again advised not to smoke and spit in the office premises. Anybody found smoking/spitting in the office premises is liable to face disciplinary action against him and a fine of Rs. 100/- per occasion will also be imposed. Names and identities of such persons, will also be publicly displayed, so as to act as deterrent for all.

(Man Mohan Singh)
Asst. General Manager(Admn.II)
